

Range Visit Plan July 10, 2009 (annotated)

General Notes

Cherokee Gun Club – Arrive 12:00, depart 4:00 PM Bay 1. Partly Sunny Day. Generally too bright to see lasers past 7 yards, lasers were workable to use at 3 yards only

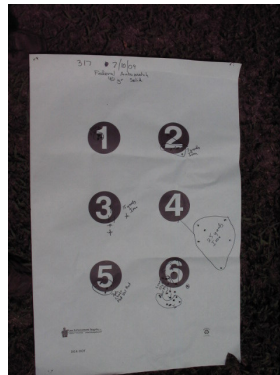

Theme(s) for the Day

1. Re-check snub zeros
2. Quarterly baseline qual with 642
3. Test 317 with bobbed hammer and 8 lb mainspring

Performance Activities 1 (Re-check snub zeros)

3 yards, 7 yards, 15 yards, 25 yards – record with camera

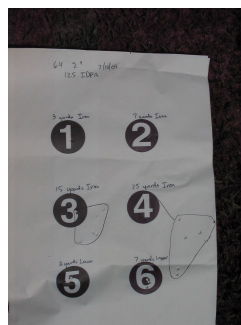

- 317

- 642CAY

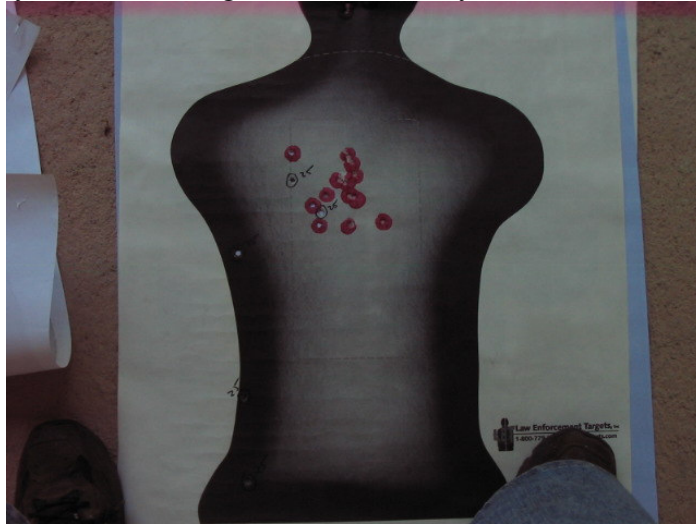

- M64 – 2 inch
