

A Pool of Blood and Cash (an Armed Citizen scenario)

Designer: Claude Werner, www.firearms-safety-llc.com

Date: 6/21/02

Scoring Method: Vickers

Rounds: 12 (minimum)

Target Description: 3 Standard IDPA targets, 2 Non-threat targets

Target Distances: 5 - 7 yards

Starting Position: Shooter facing targets, pistol on counter

Start and Stop Signal: Start is standard Beep; Stop is last round fired

Procedure:

String 1: Shooter will pick up pistol and engage T1 – T3 with minimum of two rounds each, dominant hand only, in any order. If reloading is necessary, it may be done with both hands. After shooting is finished, reload pistol and place in non-dominant hand at low ready.

String 2: Shooter will engage T1 – T3 with minimum of two rounds each, non-dominant hand only, in any order. If reloading is necessary, it may be done with both hands.

Scenario Description:

Mar 2002 THREE MEN, ARMED WITH GUNS AND KNIVES, rushed the cash register at a Boston-area liquor store just before closing one night. During the melee, one clerk's hand was cut and another was shot in the arm. Then, in a moment's distraction, a third clerk armed with a handgun turned the tide, shooting all three suspects and sending them fleeing. Two of the suspects were apprehended by police on the street amid a pool of blood and cash. The third was found in the hallway of a nearby building with a gunshot wound to his arm. (Boston Globe, Boston, MA, 12/29/01)
