

Union Station Massacre, Part 2

Designer: Claude Werner, www.firearms-safety-llc.com

Date: 3/18/2004

Scoring Method: Limited Vickers

Rounds: 6 (minimum)

Target Description: 3 Standard IDPA targets

Target Distances: 15 yards

Starting Position: Standing at P1 facing uprange, hands naturally at sides,

Start and Stop Signal: Start is standard Beep; Stop is last round fired

Scenario Description: After the Union Station ambush, a Kansas City Police officer rushed from Union Station and fired at the fleeing assassins, possibly wounding one. The officer later became so despondent over the incident that on November 26, 1934, he went on a rampage and shot and killed another Officer.

Procedure:

On command, shooter will run to P2 and stand with strong side facing downrange. On signal, shooter will engage T1 – T3 with two shots each, in any order.
