

# The Humbler (700 Point Aggregate)

---

*Designed for SFOD-Delta and popularized by Larry Vickers*

**Range:** 25 yards

**Target:** NRA B-8

**Rounds fired:** 70

**The Humbler** is the nickname for what is otherwise known as the 700 Point Aggregate. So far, no one has ever claimed a perfect 700 on the drill.

The drill uses NRA B-8 bullseye targets at a range of 25 yards. A fresh target is used for each string to minimize scoring errors. Hits are scored at face value of the target. Hits out of the marked scoring zones score zero points.

- Stage 1: 10 rounds, freestyle, time limit: ten minutes
- Stage 2: 5 rounds, freestyle from the holster, time limit: 20 seconds
  - *repeat for total of 10 rounds fired*
- Stage 3: 5 rounds, freestyle from the holster, time limit: 10 seconds
